

Wedge Island Protection Association

Communicable Diseases Policy (COVID-19)

The Wedge Island Protection Association (WIPA) acknowledges its social responsibility to minimise the spread of serious communicable disease.

WIPA will act in accordance with Commonwealth and State Government policies and directives, and will work proactively to minimise the spread of serious communicable diseases as a result of its activities.

As a member-based organisation, WIPA will provide relevant information to its members, and will seek to assist those members interned at Wedge due to related illness or government policy.
